

CTC S28-Fa07 - A New Sheet Replacement

### PRESIDENT'S MESSAGE

Well, it is finally looking like spring and we can all stop talking about the cold weather and start thinking about our collections.

The collecting season got off to a good start with two CTCCC Montreal meets and one Torex already over. The ONA in Windsor is the first weekend in April this year and

on the 5th we have our meeting scheduled. The RCNA will be holding its annual show in mid August this year in Mississauga, Ontario and again our meeting is planned for the Saturday afternoon.

Planning for our 25th anniversary in 2015 is well under way with the initial idea of producing an anniversary car/truck similar to the one from our 20th. Members will have a chance to voice their opinion as to their favourite type of vehicle. Roger Fox is the prime mover in this endeavour so make sure you read his write-up and get your say in on this project. A 25th anniversary pin is in the works and also a special membership card. If you have any other ideas/suggestions/special events for our 25th please let me know and we can see if we can include it in our celebrations. Toby Grimmnick has volunteered his home for the 2015 swap meet and while we are on swap meets please see my notice on this summers swap meet in Deep River.

I have only mentioned Ontario and Quebec meetings but we can't forget the East and West where members also get together. If you are planning a meet in these areas please make sure the editor is made aware of the timing so notice can be placed in the newsletter. Quite often people are travelling and can adjust their travel accordingly.

If you have any concerns about the club and its direction, organization, etc., please let me know. Our club must be vibrant and progressive if we wish to remain relevant to our membership. Constructive comments and suggestions are always welcome.

Have a good spring and happy collecting.

*Sandy Lipin*

# TOREX – FEBRUARY 2014

by Doug Adams #639 - adamsdoug@rogers.com

The February Toronto Torex show signals the end of the winter hiatus and a sure sign that the long awaited spring is near. A great turnout today and a special welcome to Mike Cahill from Bowmanville who has rejoined us at Torex. And once again we send a special shout out to Brian Smith for his hospitality at the show.

Although the meeting doesn't officially start until 9:00, the members start the unofficial swapping of stories and coupons just after 8:00, and with all the camaraderie it's sometimes difficult to get the proceedings underway (although we wouldn't have it any other way).

It never ceases to amaze me the wonderful distances some of our members travel. There was a lot of pre-meeting discussion about Grafton coupons and cigar store coupons. Don Roebuck is the leading talent on cigar store coupons and it seems he has successfully garnered a few more followers for his passion.

Our meeting today started with a general discussion about the 'return of Jerome' as the Collector editor. We all thanked John Merrick for his stint, the editor's job is not an easy one. Also discussed was the imminent release of the new Gift Card section of the Bilodeau Guide and we should recognize the fact that there are a whole lot of members who are collecting these items.

We are also looking forward to the upcoming ONA meeting in Windsor, and Peter Becker and Brent Mackie were on hand to answer any questions and to welcome us to the event. Our club is very well supported by the ONA and we encourage all members who are able to be in Windsor this year (and

Niagara Falls in 2015) to register and attend. You can find the dates on the club web site or on the ONA site at <http://the-ona.ca/upcoming.php>

Roger Fox led a discussion on the procurement of a Club truck for our upcoming 25th anniversary. The type of truck, the wording, the graphics, there was so much to discuss. Thanks to Roger for driving this initiative – his leadership here is wonderful.

Our show and tell session was 'deep'. Roger, Jerome and Louis Fontaine have

all been involved in a recent find about a new replacement coupon. I believe there is an article in this edition of the Collector about the new S31-Ba11. Not only did Roger do a great job in his overview of the find, but he supplied all members present with a sample replacement. Thank you Roger, you have a way of making the meetings special.

Our meeting wrapped up with a floor auction. Our president Sandy Lipin was auctioneer and even did his own running - LOL and Brent was our banker. Thanks to all who participated.

## LET US LINK TOGETHER / THE CTCCC IS LOOKING FOR ASSISTANCE FROM ITS MEMBERS

by Mike Cahill #239 - ctcmekec@rogers.com

The CTCCC would like to increase its exposure in an effort to attract new members. One way of doing this is by having the CTCCC web site added as a link on other Coin Club's web sites; in turn we would add the Coin Club's web site to ours.

We would like some help from our membership, if any member belongs to, or knows of a coin club in their area with a web site that has the ability to add links. Then we would appreciate hearing from you.

Please check over the list of information that they would need and send me what you can of theirs.

Web site - Contact (s) - President, Directors, Editor & Webmaster - Phone number (s) - etc.

The CTCCC appreciates your effort to help strengthen and increase the membership of your Club. Our first contact is listed below, if you are in the area, please check them out.

Please forward your emails to [ctcmekec@rogers.com](mailto:ctcmekec@rogers.com) I am looking forward to hear from you. :)

**OSHAWA DISTRICT COIN CLUB** ( Covers Durham Region).

For membership inquires email [papman@bell.net](mailto:papman@bell.net) or call Sharon MacLean 905-728-1352  
Visit the Club Website: [oshawaanddistrictcoinclub.wordpress.com](http://oshawaanddistrictcoinclub.wordpress.com)

## 2014 SUMMER SWAP MEET

by Sandy Lipin #333 - sandlipin@aol.com

This year's swap meet will be held in Deep River, Ontario from August 8th to 10th, 2014. Deep River is about 200 km west of Ottawa on Highway 17. The address is a cottage on the Ottawa River – 450 McAnulty Road, just West of the actual town of Deep River.

There is lots of room for tents, campers and trailers and I have listed three motels that are within a few km of the cottage. In the next newsletter I will try to include a little map.

Hope to see you there. Don't forget your traders

## THE JANUARY MONTREAL MEETING

by Jacques Bellefleur #664 - jacques.bellefleur@videotron.ca

On Saturday, January 25 the first meeting of 2014 for our Quebec chapter of the CTCCC was held at the Roussin Community Center. As at each meeting, the members who attended really enjoyed getting together with friends to discuss their favorite pastime. Despite the winter weather, many of the members that showed up came from different parts of Quebec and Ontario.

Another educational session, conducted by Jerome Fourre and Lucien Levesque, took place during the meeting. It was about the future new Gift Cards Guide. Several members that have a keen interest in this aspect of the hobby including Marc-André Lemire and Peter Donnelly were delighted by this presentation. This Guide, which is under development, attempts to combine different sets of cards classified under the following

letters FA1 to FA5 and VAR, VNR etc., showing the different features of each type.

A discussion followed on the topic and members increased their knowledge about the release of this future section of the Guide. The members interested in this subject received a short document summarizing the contents of the Guide. We were informed that we were the first group to receive this information. This Guide, as with all other previously published, will be revised depending on the speed of the new series issued.

True to our habits, after the meeting, diehard members of the CTCCC met at Teddy's Deli in the section of the bar where we are always welcomed with open arms. We were not able to stop from commenting on the use of the slot machines by the other patrons. Too bad they do not accept Canadian Tire money...

# 25TH ANNIVERSARY CTCCC DIE-CAST COLLECTOR TRUCK BANK

by Roger Fox #009 - r\_fox@bell.net

As you all know our Club's 25th Anniversary is next year and to mark the occasion, we hope to issue our second die-cast Collector Truck Bank. To have it arrive in time for January 2015, we need to consider several things in order for this project to become a reality. Some items have already been handled such as the Corporation's permission for us, as a club, to proceed with our second truck, plus the procurement of the Liberty Classic's selection Catalogue.

At the recent CTCCC Torex meeting, in Toronto, selection of a model was discussed and some suggestions were made. Unfortunately there are no models around 1960 or 1961 when the store coupons were being planned and printed. The members present selected a few models to start, and these were based on available space to possibly present a first Store Series, (seal series) coupon since we used the Gas Bar series on our 20th anniversary truck. The suggestions so are as follows:

1936 Dodge Pickup Stepside with a Tonneau Cover

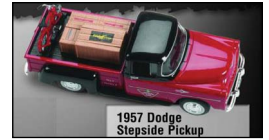

1938 Studebaker Panel

1939 Chevy Pickup Stepside with a Tonneau Cover

1957 Dodge Panel

1957 Dodge Pickup Stepside with a Tonneau Cover

During the last Quebec meeting of March 22nd, a similar presentation was made to the members and a list of suggested models was completed. Next, the layout, coupon design, coloring, logos and wording can be put together and approved by the club no later than our planned swap meet in August.

Our order will be similar to last time with a quantity of 252 units. Pricing and membership ordering information will then follow. I/We will strive to design and create a very desirable Club Collectable we can all be proud of for our 25th Anniversary!

## CLUB AUCTION RESULTS

by Doug Adams #639 - adamsdoug@rogers.com

The January 2014 auction is complete and the results are here for your viewing pleasure. I would like to thank the several members who send in coupons for auction. It's important to remember that the coupons I'm receiving are meant to be very high quality

coupons and not just a dump for your extra stash. I encourage all members to send in coupons for both the regular club mail bid auction and the donation auction. Doug Adams, 66 Butternut Grove, London ON, N6K 4J4.

# ANOTHER FIRST... A SHEET REPLACEMENT CHANGEOVER

by Lou Fontaine #109 - lfontaine@shaw.ca

A fantastic discovery was made. The 5¢ value had a changeover in the sheet replacements. This is the first time to my knowledge that a range of 50,000 replacements has a signature changeover within the range, it is indeed a very rare occurrence. Way to go Canadian Banknote (CBN)! None of the coupons in the range mentioned here was seen in my area.

It appears as though another large cleanup of old stock has occurred at CBN. There has been a shortage of 5¢ and 10¢ notes at many of the stores and gas bars throughout Canada since the beginning of 2014. This may be what created the pressure to get more output at CBN. Hey, this could mean that they are in the process of printing a new date, like maybe 2014 as well as a new range of replacements with the same date and possibly in the ranges 9001400000-9001449999 and 9001450000-9001499999??. Time will tell what we see.

The 50,000 range of notes sampled is 0493300000-0493349999. In each range of 1000 notes 350 sheet replacements have been found, including 316 CTC S31-Ba11 replacements as well as 34 CTC S30-Ba09, all in the same range.

This would mean that 15,800 CTC S31-Ba11 replacements are already out there in the range 9001250000-9001299999. There is also 1,700 CTC S30-Ba09 in that same range. Another odd occurrence.

It was previously thought that this range belonged to the S30-Ba09 range exclusively. Now we have two different replacements occurring in this same range with these changeovers. There will be 50 sets of changeover notes in this range of 50,000 notes. The changeover occurs between sheet 90012nn290 (CTC S30-Ba09) and sheet 90012nn291 (CTC S31-Ba11) All of these sheets were not inserted in numerical order, but spread out haphazardly through the full 1,000 notes. The changeover notes/sheets were in the last block of 100 notes (from 900 to 999) where the first 34 sheet replacements were CTC S30-Ba09 and the last 8 CTC S31-Ba11 sheet replacements were found. So far the lowest CTC S30-Ba09 found is 90012nn257, it would be nice to know if they started at 90012nn000. If you find lower, please let me know.

CTC S30-Ba09

CTC S31-Ba11

CTC S30-Ba09

Here is a sampling of one of the 1000 note ranges seen. More details will be available on the next update to the Hi-Lo list.

**100 Bundle breakdown**

0493332000-0493332099  
 0493332100-0493332199  
 0493332200-0493332299  
 0493332300-0493332399  
 0493332400-0493332499  
 0493332500-0493332599  
 0493332600-0493332699  
 0493332700-0493332799  
 0493332800-0493332899  
 0493332900-0493332999

**1000 Notes**

**Replacements Found**

11 S31-Ba11  
 19 S31-Ba11  
 36 S31-Ba11  
 33 S31-Ba11  
 47 S31-Ba11  
 35 S31-Ba11  
 46 S31-Ba11  
 43 S31-Ba11  
 38 S31-Ba11  
 8 S31-Ba11 + 34 S30-Ba09 Changeover here

**350 Replacements**

**Normal notes**

89 S31-B12  
 81 S31-B12  
 64 S31-B12  
 67 S31-B12  
 53 S31-B12  
 65 S31-B12  
 54 S31-B12  
 57 S31-B12  
 62 S31-B12  
 46 S31-B12

**650 Normal Notes**

I could not print the entire range of 1000 notes to show you were each sheet was found as it would have taken pages and pages. The complete breakdown of the full 1000 note sampling will be in the next Hi Lo specialized update.

In the above table each 1000 notes in the entire 50,000 note range should be a near duplicate of the above, some ranges have had some single note replacements in the 900130nnnn

range thrown in but should not affect the other ranges of sheet replacements to any degree. Only about a dozen of these single note replacements have been found so far. All of the notes found in this range are CTC S30-Ba09. Possibly there could be a changeover in this series also. Again, time will tell. Comments may be sent to lfontaine@shaw.ca or phone (306) 382-7216

The actual changeover notes/sheets. The only difference in the sets of changeovers will be the numbers 7 and 3 will vary from 50 to 99

## CTC STORE SERIES UPDATE

by Louis Fontaine #109; Everett Runtz #772 and Jerome Fourre #120

Several members have been asking for an update as to what is available since the Bilodeau Guide was issued in 2012. The Guide is going to issue an update in 2014 and they are

sharing the information that should be in the update with us.

If you have any information that would help, please send it to one of us and we will make sure it gets into the update.

## GAS BAR CTC8-D WITH BROWN SERIAL NUMBER...

by Lou Fontaine #109 - lfontaine@shaw.ca

A note not often seen or discussed is the CTC8-D 50¢ note with brown ink serial number. This variety occurred during the last stage, when the notes were numbered. From the notes seen, this ink was used briefly in the range from 1,600,000 to 1,700,000. These notes have not been seen in any other range. I suspect this may have been due to operator error, using a mix of 2 different inks in the same container, or selecting the wrong ink and catching the mistake early before too many notes were numbered. My scan shows serial

# 1670559 with brown ink and the normal Orange-Red ink used on serial # 1686124. I could not bracket the notes any closer, maybe someone out there can. The difference in the color is quite pronounced. See the scan.

If this variety is not due to errors in the printing I would be delighted to hear or see your comments as to its authenticity. I sure would like to see some AU or Uncirculated notes bracketed closely of this variety. Thanks to Bill Cuff for supplying these notes. Direct inquiries to lfontaine@shaw.ca

## OVERPRINTED COUPONS

by Doug Dunster #625

I decided to list the overprinted coupons that I know of in the hope that members will report others that are not listed here. I did not list the Lube Chits and See Reverse coupons from the Gas Bar series as they have been previously catalogued in Vol. 2 of the Bilodeau Guide.

Neither did I list special "in house" coupons made by the Club for special events such as our 20th anniversary, the ONA and RCNA kids programs. If you wish to contact me : Doug Dunster, 204 Cronkwoods Rd., Mallorytown, ON, K0E 1R0 - 613-342-0484

# CTC GIFT CARD UPDATE

by Lucien Levesque #479 - llev@videotron.ca

We are in the process of putting these cards in Volume 3 of the Bilodeau Guide. To facilitate their cataloging we have to change their numbers to allow for an easier identification that will also help you understand and recognize which card we are referring to when we give you a number.

I will continue to publish new cards in the quarterly newsletter and a complete list in the January issue. Your continued support and input is greatly appreciated. Please contact Lucien Levesque, 131 – 54th Avenue east, app. #103. Blainville, Qc J7C 0H4 Téléphone 450-430-5820 or email: llev@videotron.ca

**FOLLOW UP ON THE JUSTIFICATION ISSUE**

by Doug Adams #639 - adamsdoug@rogers.com

Thanks to all the members who have added to the Justification article in the October edition of the Collector. Thanks to some digging by Bill Cuff # 337 it looks like we can confirm that CBN crossed over from non-justified to justified print when they changed plates.

The 5¢ notes changed when they went from 2009 to 2010. Originally it looked like they changed as the prefix changed, but with all the coupons we're looking at now, it seems the change came somewhere early in the 04 prefix run. With most other coupons, the transition was made with the new plates when the signature was changed from Pasternak to Marrone.

The 10¢ and 25¢ changed between 2008 and 2011 which was also a signature change. The 50¢ and \$2.00 changed between the 2007 and the 2012 plates, also a signature change. The \$1.00 changed between the 2006 and the 2012 plates, also a signature change. There's no explanation at this point why a new plate was created during the middle of the run of the 5¢ coupons. This change just isn't making sense to me as yet. Any thoughts from you??

# GAS BAR NOTES THROUGH THICK AND THIN...

by Louis Fontaine #109 - lfontaine@shaw.ca

An absolutely fascinating area in printing is where a different thickness of paper is sometimes used during a printing. The notes shown below are a consecutively numbered pair of Uncirculated CTC 9-D1 50¢ notes recently acquired from Bill Cuff. The first note (Serial # U5867066) is on the normal paper and the second note (Serial # U5867067) is on a much thicker paper. See image below. The beauty of this pair is that they are consecutive and the difference in thickness is obvious. This has also occurred on other values of the CTC 9 issue particularly the 5¢ value.

When batches of paper are made, a constant thickness is sometimes difficult to maintain particularly at the start of a production run. It appears that some sheets or rolls of the produc-

tion run, were not of the normal thickness, however since these were not for Currency or postage stamps the exact parameters were not strictly adhered to. During a printing run of notes, when a machine runs out of paper and a new batch is fed into the machine, there may be some slight differences in the thickness of the paper.

Some of you may remember the multiplier coupons of the West and East dated (Nov 26, 2000) where the coupon from the West is on thick cardboard paper and the Eastern version on normal thinner paper. See image below.

I would be interested in hearing about any other thick paper varieties on Gas bar notes. Inquiries may be directed to lfontaine@shaw.ca on the internet.

# CANADIAN TIRE LOSES TWO STARS

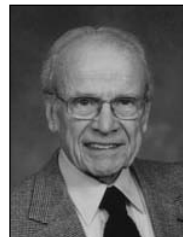

by Doug Adams #639 - adamsdoug@rogers.com

With great love and respect the family of Fred Sasaki announced his passing on Wednesday, January 29, 2014, in his 95th year. Predeceased by his wife Naka and daughter Nana, his father Shuichi, mother Midori, his sisters Sumi, Cannie and Audrey.

Fred is also one of the founders and eventually a resident of the Momiji Seniors Centre. A leader in his community Fred received numerous awards from many organizations for his generous and determined volunteer work.

Fred came to Canada at 10 months of age from Hiroshima, Japan. He graduated from the University of BC with a Bachelor of Commerce through correspondence from Calgary while his family was interned during WWII. After the war Fred started working in the stock room at Canadian Tire riding on roller skates. Eventually Fred worked his way up to Vice President of Finance at Canadian Tire. His signature can be found on the infamous Canadian Tire Money during his time as a senior executive.

The club was saddened to learn of the passing of Hugh Leopold Macaulay. We'll remember Hugh as the co-signer of the CTC \$15 series of notes - the first series to be issued combining both the Gas Bar notes and the early Store series notes. Hugh Macaulay died peacefully in his 89th year at his retirement home in Toronto. A grad of UWO, Hugh was a WWII vet in the Canadian Navy, a PR rep at Ford, owner of York Mills Pontiac Buick in Toronto and a political advisor to the Ontario PC Party. Hugh held board positions at Ryerson Polytechnic, York University and Ontario Hydro, but will always be remembered as the Chairman of the Board of Canadian Tire from 1984 to 1993. Following the resignation of Dean Muncaster in June 1985, Hugh was appointed interim COB until 1987 when Dean Groussman was appointed COB. Macaulay stepped down as Chairman in 1994, but remained on the board of directors until 1998. Hugh's signature also appears on the \$2.00 note issued as the CTC S16 in 1992.

## GAS BAR & STORE NOTES WITH MISSING SERIAL NUMBERS...

Originally compiled by Ron Wilkie and further developed by Louis Fontaine #109 - lfontaine@shaw.ca

Ron Wilkie began a study on notes that have missing serial numbers. The list, compiled by Ron, is quite comprehensive and I will develop it further as we go along. I made a table of the notes Ron suspected existed or possessed in catalogue order and added any that were not mentioned.

One example of where the cause, was not sheets stuck together, is the Gas Bar CTC 2-C issue where a good number of 3¢ coupons were printed without a serial number. Whether this was an error or deliberate is unknown. (Could have been a rookie printing on that day or week.)

For modern coupons, missing serial numbers occur when 2 sheets are stuck together during the numbering process so one sheet of 50 will not get numbered. When the sheets are cut and made into bundles one of the packets of 100 coupons will actually have 101. One sheet was stuck to another but

came loose during the cutting and bundling process.

It is important to keep the bracketing notes to indicate exactly between which notes the missing serial number was found as you can see below for the S28-E07, S29-C07 and S31-C11. The only way to find them like this, is in sealed bundles. If you find a sequence in a sealed bundle then that will mean there are at least 50 in that particular batch of 50,000 coupons. See below an example of a CTC S29-C07

Of course not everyone is a collector of these notes so several will be found that are circulated however it will be unknown where the error occurred. Collectors who have notes without serial numbers that are not listed here, please contact me or any other member that is in contact with me.

Inquiries may be directed to lfontaine@shaw.ca on the internet.

# MEETINGS, MEETINGS, MEETINGS...

by Raymond Farina #942 - farinaraymond@gmail.com

In the corporate world all I hear is people complaining about attending meetings! Well all you Canadian Tire Coupon Collectors, I invite you to make the effort to attend a meeting. I guarantee you, it is a meeting you will enjoy and have fun at and look forward to attending others. I myself have to take a day to just travel to Montreal, Quebec to attend a meeting. You may ask is it worth the trip and distance, and the answer is DEFINITELY!! Here are some of the reasons why.

First off is the education you receive at each meeting. This is my third one in three years. As a novice collector the amount of information I receive and the willingness of fellow collectors to explain and show me things, is incredible and invaluable. People's patience, I have found, with me is unlimited and so is there willingness to teach me and you, if you ask.

Second, each meeting has been virtually a showcase of the whole range of Canadian Tire Coupons. From the earliest to the absolute newest released series all are for display, sale or trade. Any aspect of the coupons from errors, replacements or varieties are all there to see.

Third, I have witnessed members from the province of Ontario bring their coupons for trading with Quebecers who have denominations, items and series that Ontarians are unable to get and vice versa.

Fourth, each meeting has been a show and tell in itself. Members display and exhibit all kinds of items other than coupons issued by the Canadian Tire Corporation, to both sell or view. I noticed also the exchange of information on locations, contacts, and in one case I even noticed one member calling another member for a third member to help and assist finding a specific item that the third member was trying to locate for purchase. I believe it was a successful transaction because the third member said "MERCI" to the first member and shook hands after speaking to the second member for the item he was seeking.

Fifth, at the Montreal, Quebec meetings many members adjourn to gather at a restaurant called "TEDDY'S DELI" after the close of the meeting. There the conversations continue on any number of topics and many lasting friendships begin. While there, I urge everyone to try a "Smoked Meat" sandwich. If you have never tried one, I guarantee, if you do, you will be hooked for life. I personally have my own reasons for wanting to go there and linger there for as long as possible, but that's another story. (See Marc Andre's November's meeting comments in the January club newsletter.)

Sixth, and I feel this is the most important reason, the great company, fellowship and mutual interest in a common hobby we all have. This breaks the ice across all lines and puts us all on a common ground, on a topic and hobby we all enjoy. We create mutual friendships that can last a lifetime. So I urge all members to attend as many meetings as possible even if it's once a year. I plan my vacation around attending a meeting.

A note for those who might be shy about attending a meeting in Montreal, Quebec. Do not be afraid to attend a meeting, I have found that the meetings are conducted in both English and French. If any Quebecer has tried to speak English to me and felt their English was not up to par, they are quick to get someone who will help translate and explain to me until everything is clear and I fully understand. It has truly been a great experience and time for me to attend a meeting. I again urge every member to attend as many meetings as possible. Even if it is only one a year that you are able to attend to exchange hints, ideas, or try to locate, or find a lead on that special Canadian Tire something you need for your collection.

Hmmmmmm... I wonder when the Nova Scotia membership contingent gets together for a meeting. I hear the seafood is great and really fresh out there! Anybody up for a road trip?

Editor's note: Raymond has attended meetings in Kingston and Montreal even though he lives in New Jersey!

---

## UPCOMING MEETINGS

### WINDSOR:

April 5, 2014 at the St. Clair College Centre for the Arts, Windsor. The meeting time is 9:00 AM - NOON

### MONTREAL:

May 3, 2014 at the Centre Communautaire Roussin, Point aux Trembles, 12125 Notre Dame East. Free Parking and the meeting time is 9:00 AM - NOON

### TORONTO:

June 28, 2014 at the Torex meeting at the Hyatt Regency, 370 King St. West, Toronto. The meeting time is 9:00 AM - NOON

### RCNA:

August 16, 2014 at the Delta Meadowvale Hotel and Conference Centre, 6750 Mississauga Road, Mississauga. The meeting time is to be determined

Please check the CTCCC web site ([www.ctccc.ca](http://www.ctccc.ca)), Canadian Coin News ([www.trajan.ca/showbbs/ccn.pl](http://www.trajan.ca/showbbs/ccn.pl)) or the Canadian Paper Money Forum ([www.cdnpapermoney.com/forum/index.php?board=38.0](http://www.cdnpapermoney.com/forum/index.php?board=38.0)) for upcoming meetings. If you do not have access, please feel free to call your favorite CTCCC director.

## MEMBERSHIP REPORT

by Ghislaine Theroux-Memme #015 - therouxg@videotron.ca

This winter was very long, but April always seems to stimulate us with lots of ideas and projects for our CTC collections. The Club, now 24 years old, is doing very well because some members are working very hard to find new items to improve their collection, namely: coupons, trucks, catalogs, pins, gift cards. We are all like children because we feel a great satisfaction when we find a new item to add to our collection.

I would like to sell the red pins that are left before the new pins for the 25th anniversary are available in order to reduce the inventory of red pins.

The Jumpstart truck has not yet arrived, so we do not know yet how much it will cost, but we presume it will be the same as the last Jumpstart truck. To be continued!

Do not forget to let us know of any change of postal address as well as email address.

Below is a list of some items offered by the Club:

Red club pin	\$6.00
Red club pin - 20th anniversary	\$10.00
CD with newsletters 1990 to 2010	\$15.00
Back issues of the newsletters (each)	\$2.95
Full set of back issues 1990 to 2010	\$100.00

Regards,

*Ghislaine Theroux-Memme*

*A Hearty welcome to all our new members!*

## MORE GHOST PRINTS...

by Lou Fontaine #109 - lfontaine@shaw.ca

Since my last article on "Ghost prints" more have come into my possession recently thanks to Bill Cuff who has collected and saved a lot of excellent material over the years.

The first one is a CTC S17-C, the 10¢ Red value. On the second pass the 10¢ in the left side losange is doubled downwards. It is very prominent as it has a blurry look compared to the right side. All other details are normal. The warning label on the left side also has an additional detail that is not readily seen but there is a red fiber running through association. (See fig 1)

The next note of interest is a CTC 9-A2 with inverted prefix letter, Serial # S5937635. (See fig 2). Note the pronounced doubling on the value. This would be a variety caused during the second pass where the values and the black ink are

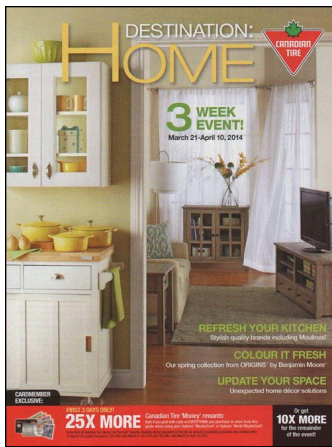

printed. In this note the right side values are doubled substantially more than the values on the left.

The next type of doubling that I have seen is on a Gas bar coupon, CTC 8-A2, with inverted S, Serial # S4558690. (See fig 3). This note has doubling in the Green security part of the printing which would have been done in the first pass. Note that all areas of the Green security printing are doubled. To see it more clearly have a look at CTC, it is doubled to the left. The security printing is doubled on other CTC 8 and 9 gas bar values but I cannot show them all here.

If you have a lot of coupons to look through see what you can find. The more pronounced the doubling the better, if it is minor then it will be difficult to see even with a magnifier. Direct inquiries to lfontaine@shaw.ca

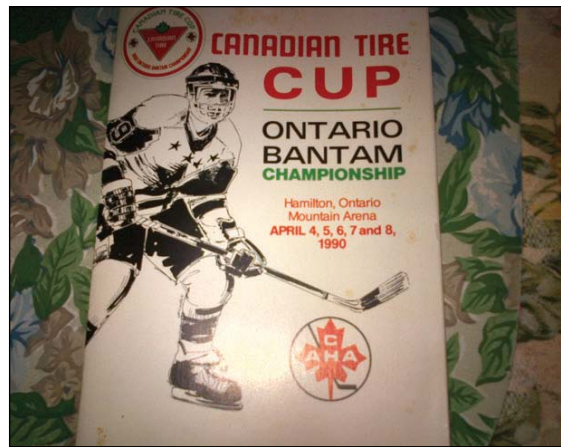

# NEW DISCOVERIES

March 2014

Spring 2014

Sent in by Ron Moore #990

Curly 1 discovered by Doug Adams #639

Sent in by Bill Cuff #337

There's lots of old S4's circulating through the Gas Bars lately. So if I'm not seeing new coupons I might as well look more closely at the S4's once again trying to find Louis Fontaine's elusive pointed Z's. Here's a curly serif on a 1. Almost like a pig's tail. It's the only one I've seen, and I would like to hear about any others. We need at least three sightings to make it a variety.

Discovered in Leduc, AB by former member Andrew Simpson

Sent in by Bill Cuff #337

Sent in by Louis Fontaine #109

This discovery could mean the end of the SNRs as a simple alternative to the recording of serial numbers for inventory purposes. This bundle wrapper contained 500 regular replacement notes and the serial numbers replaced were recorded on the white wrapping paper under the plastic shrink wrap. This wrapper is an SNR!!! Two of these wrappers were found.

New clear plastic wrapper found by Louis Fontaine #109

# MORE DISCOVERIES

These notes were found by the Editor back in January 2014. They are in the range of CTC S31-B12 notes from 048750000 to 0487549999 and more specifically they affect the range of sheets from 920 to 960. Approximately 7 ranges were found on a possibility of 50 ranges. Some have ink missing on the right side and some on the left side. As you can see on the note below there is even one with a corner intact and all the rest faded.

Fold during Intaglio printing found by Jerome Fourre #120

**DISCOUNT COUPON**  
 Save \$1.00 on the purchase of an Expos baseball ticket redeemable at the Olympic Stadium wicket only.

## FROSTY

“The Little Dickens” plush toy was a promotional deal during the 1988 Christmas campaign, exclusive to Canadian Tire. It could be purchased for \$9.99 with a minimum purchase of \$25 at CTC stores. The character also appeared in a cartoon version of CTC Christmas commercials, as Scrooge’s friend.

*This information was provided by  
Siân Madsen - CTC Archivist*

# CLUB AUCTION

**Welcome to the Spring Mail Auction 2014.** Bids can be submitted by email or snail mail, and will be accepted **until midnight EST on May 1st, 2014.** When bidding, all that is required is the lot number and the amount you wish to bid on that lot. The amount you bid is the amount you will pay if you are the highest bidder. Regular postal charges are included. Express, registered or insurance mail is extra. Should you want a scan of any

particular lot, please let me know at [adamsdoug@rogers.com](mailto:adamsdoug@rogers.com) and I will comply. It is also important to know that I cannot accept any questions as to the status of the bidding (ie. who's high at any particular moment). If two bids are submitted at the same price for the same lot, the first bid received will be the winner. Submit bids to [adamsdoug@rogers.com](mailto:adamsdoug@rogers.com) or Doug Adams, 66 Butternut Grove, London ON, N6K 4J4.
