

### **25 YEAR CERTIFICATE**

by Sandy Lipin - M0000333 - sandlipin@aol.com

As part of the 25th year anniversary activities it was suggested that the club recognize those members who have been a member continuously for the first 25 years of the club's existence. A certificate has been designed to certify and acknowledge 25 years of consecutive membership in the Club. This certificate will be accompanied by a Special Gold Pin. This initiative will continue through the years and each year we will award the certificate and pin to members who have reached 25 years of consecutive membership.

### PRESIDENT'S MESSAGE

I hope everyone is well and had a wonderful Christmas and New Year and is anticipating a great collecting year. Lots of activities are planned for 2015 – this being our 25th anniversary as one of Canada's most inclusive and successful collecting organizations.

25 years ago a group of like-minded collectors got together in Toronto and founded "The Canadian Tire Coupon Collectors Club". They probably never anticipated that from that initial meeting a truly national club specializing in Canadian Tire

memorabilia would arise. A most successful one at that with award winning newsletters and over 1000 membership numbers issued to date.

Our club has expanded in scope and membership from that first meeting. We not only collected and catalogued "CTC Money" but also trucks, pins, cards, maps and many other CTC memorabilia. Many of the catalogued items were not even known when the club was formed but have since been added to collections and to our catalogues. And speaking of catalogues we are now on the 10th edition of the Bilodeau Guide, which gets more comprehensive and functional with each edition. Not only Volume 1, but Volume 3, which contains miscellaneous coupons, gift cards and certificates plus much more and Volume 4 which is dedicated to CTC trucks.

Our knowledge of CTC coupons has greatly expanded due to the diligent record keeping, the investigative and research abilities, and hard work of a large number of dedicated members. All of which helps keep the Club and members up to date with current findings and re-examination of some of the older series of notes.

We must of course look towards the future and plan ahead to keep the club relevant and positioned to meet future challenges. The introduction and use of the new CTC cards to hold virtual coupons will probably reduce the number of coupons in circulation as more and more customers resort to amassing virtual coupons instead of the real thing. I have already noticed some gas bars handing out far fewer coupons to customers as they switch to the new method of saving. I do not think we have to worry about coupons being phased out, at least in the near future. The Corporation insists that cards and coupons will coexist into the future. Good news for us as collectors and for the club.

Please read the rest of the newsletter for more details on upcoming events and discussion ideas.

# SEPTEMBER NOVA SCOTIA CTCCC MEETING

by Stew Cameron #838 - scotiatechstew@gmail.com

Mike Hackett, Bob Ronan, Diane Muttart, Stew Cameron, David Dick

The Nova Scotia CTCCC Meeting was held on September 13th, 2014 at the home of Stew and Cheryll Cameron. Thanks to the 5 members in attendance; Diane Muttart, Mike Hackett, David Dick, Bob Ronan and myself. Notable absentees were Bunny and Pat Turner. Bunny had a bad cold and chose to remain at home until she felt better.

Coffee, Timbits, along with Mike's homemade cookies were served. Yes, you read correctly, Mike bakes cookies!

The meeting was opened by Stew Cameron at 1:45 pm. I explained that there was a considerable amount of material on the Agenda.

First was to pass out reference material from the previous meeting. Members were also provided with a group photo of the last meeting.

Our "Show and Tell" segment was very informative. Members were shown the "Specimen" 2015 Membership Card and encouraged to get their dues paid for next year. The new Bilodeau Guide, Tenth Edition - Volume 1, was passed around for everyone to view. Members were told that there were price changes both up and down. The 3 EFO coupons received at the Swap Meet, the 5¢, S32-13B, green smudge on bottom and the 10¢ S32-13C's, white line on bottom and the "Fat 5" were passed around. I provided members with a look at some coupons that I sent for publication in the October Newsletter "Discoveries" section. No need to mention them, check the "Discoveries" section of the October Newsletter.

I would have been totally amiss if I had not shown the group, the Die-cast truck, which I purchased at the Swap Meet. I say purchased, but believe deep down that I would still be in Deep River, Ontario if I hadn't done so.

Members were read the recorded minutes of the 2014 Swap Meet. I elaborated on any areas of concern to the group. There are presently many articles throughout the media about the new card system that CTC is bringing out on October 28th. I showed some of the articles and indicated where they could find these if they chose to read up on them.

New business was hi-lighted by the CTCCC 25th Anniversary 2015, and what we wanted to do in our area. Some preliminary thoughts were tossed around and we will get into this deeper in our next meetings. On another matter, Diane Muttart will keep me informed as per our involvement in the RCNA, 2015 in Halifax.

The meeting was then turned over to attending members for open discussions. With nothing further, we began our selling, trading and swapping of items.

A special mention and thank you to Bob Ronan, a new member, for attending our meeting. Bob collects Die-cast vehicles, but also mentioned that he had interest in Gift cards and had been hoarding away some CTC coupons. Bob was given Mike Hackett's Gift Card binder to get him started from a hoarder to a collector. I just have to raise his interest in the collection of coupons.

With no more discussions and all sales complete, the group photo was taken and the meeting closed at 4:30 pm. The next Meeting will be held November 22nd at the home of Mike and Shirley Hackett.

If there are people reading this Newsletter who would like to become a member, please contact me. My contact information is on Page 2 of the Newsletter under the Atlantic Directors.

To our members in Newfoundland, New Brunswick, Prince Edward Island and westward, our meetings are always open to you. If you are ever in the area, please give me a call, even if there is no meeting scheduled.

# THE NEXT NOVA SCOTIA CTCCC MEETING

by Stew Cameron #M0000838 - scotiatechstew@gmail.com

The next Nova Scotia CTCCC Meeting ,will be held on Saturday, 18 April, 2015, 1:30 PM - 3:30 PM at the home of Bunny and PatTurner, 138 Silver Birch Drive, Hubley, Nova Scotia. For those who require directions, please contact Bunny at bunnypat@eastlink.ca or by telephone, 902-876-0478.You can also call Stew at scotiatechstew@gmail.com or by telephone, 902-864-0783. I would appreciate that you contact Bunny, as to whether or not you will be attending the Meeting that she and Pat are hosting. Please bring along your extras for selling or trading. "Special" items are always welcome to show other collectors.

I would like to mention that if you know of anyone who may be a potential collector or would like to know what CTC collecting is about, please bring them to a Meeting. The only way that we can survive locally is through participation with current and future members. Admission and parking for the first 500 people is FREE! *Hope to See You There!* 

# **TOREX – OCTOBER 2014 – TORONTO**

0428084235

by Doug Adams - M0000639 - adamsdoug@rogers.com

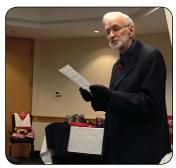

0428084235

Roger's checking arm in a sling!

# CTC S32-C13 with a 'white tire'

CASH BONUS - BILLET - BON ANADIAN TIRE CORPORATION, LIMITED

Thayer teaching class!

A beautiful fall day in downtown Toronto, and a great crowd of 20 members attending the Torex/CTCCC meeting at the Hyatt Regency on King Street. Once again Jim Fortin and his lovely wife Melonie garnered our long distance award. Jim, I think has given up on telling us he's from Wetaskiwin and now signs in as Edmonton. (Probably because us silly Easterners keep mentioning the word Calgary.)

Our President, Sandy Lipin, chaired the meeting and led some terrific discussions on the recent Collector award, the benefits of a downloaded membership and the possibility of more electronic use of Dropbox or other net-based tools. Sandy also was kind enough to provide samples, to all present, of a new variety – a CTC S31-C13 with a 'white tire'. (One of those "every three coupons" varieties.) Roger Fox provided an update on the 25th anniversary club truck. Doug Adams

provided an update on some new additions to the web site and Toby Grimminck provided an update on the latest truck (#2) from Kemptville. Thayer Bouck is back and looks 100% again. He's always at his best at the front of the class and teaching us something new.

Roger's educational session today dealt with the date changeover coupons in the Wayne Sales series. Thanks Roger – well done using only one arm. (Roger's fastball dipped below 90 MPH so he had his rotator cuff touched up.) PS: If anyone has an CTC S27-B02 Sales nickel with a serial number under 3359 I think Roger would be interested.

A quick floor auction and then off to the Torex bourse (good bargains there too!). Last stop the in-house Starbucks for a bite and some high-test java. Looking forward to the next meeting!

# NOVEMBER NOVA SCOTIA CTCCC MEETING

by Stew Cameron #838 - scotiatechstew@gmail.com

Our Nova Scotia CTCCC Meeting was held on 22 November, 2014 at the home of Mike and Shirley Hackett. Thank you to the attending members; Diane Muttart, Bunny and Pat Turner, Mike Hackett, David Dick, Bob Ronan and myself. Also in attendance was Randy St. Onge, a collector, who was the chauffeur for Bunny and Pat. Bunny has told me that she is going to work on Randy to become a CTCCC Member.

Coffee, along with Mike's homemade cookies were served. Thanks to Mike and Shirley for opening their home for this meeting.

I opened the meeting at 1:40PM and I explained that there was a considerable amount of material on the Agenda for today.

I passed out some reference material to Bunny and Pat from the previous meeting and a group photo. The "Specimen" 2015 Membership Card was again shown. Thanks to Diane for renewing her membership. I have forwarded her cheque to Ghislaine.

The new Bilodeau Guide, Tenth Edition- Volume 3 was passed around for everyone to view. There was also a couple of articles in the local newspaper that were provided for members to read. I provided members with a look at some coupons that I have sent for publication in the Newsletter "Discoveries" section. No need to mention them, check the "Discoveries" section of this Newsletter.

Our "Show and Tell" segment, which provides a time for everyone to show their new purchases, etc. was busy. Diane had some catalogues that she was selling along with some unscratched "Scratch Coupons". I had a few items to show, including a 60 Year Anniversary fruit cake tin, some CTC coins and a gift I received from CTC Retail. It was the special edition Platinum "My Canadian Tire Money" card.

New Business was again about the CTCCC 25th Anniversary in 2015 and what we wanted to do in our area. I proposed that my wife and I would purchase a slab cake decorated with the CTC logo, the club initials and the Anniversary dates. My only request was for some members to help with the serving of the cake. The cake will be served as part of our day with the RCNA, 2015 in Halifax. Another event will be an auction and I believe we have found our auctioneer, Bob Ronan. I am looking for a speaker that can talk about our club and the collecting of CTC memorabilia. I will be making some calls to certain members that may be in attendance to see if they would like to do this event. If there are any volunteers reading this newsletter that would like to do this, please contact me.

Other business was the dates for our meetings in 2015. Our first meeting will be held on April 18 at the home of Bunny and Pat Turner. Please see our listing under upcoming meetings for additional information.

The meeting was then turned over to attending members for open discussions and the selling, trading and swapping of items.

With no more discussions and all sales complete, the group photo was taken and the meeting closed at 3:30PM.

To our members in Newfoundland, New Brunswick, Prince Edward Island and westward, our meetings are always open to you. If you are ever in the area, please give me a call, even if there is no meeting scheduled.

# CTC S31-E12 - A SHORT SERIES

by Jerome Fourre - CM0000120 - jayfoure2ctccollector.ca

### CTC \$31-E12

All denominations of coupons were issued in the CTC S31 series from the 5¢ to the \$2.00. The shortest series in this series is by far the \$2.00 issue, but it is still being issued at the moment. There were approximateley 150,000 notes issued to date.

Of the denominations that have finished, in series CTC S31, and are being continued in series CTC S32, the 50¢ by far had the lowest mintage. Between the lowest known and the highest known there is only 450,000 possible notes.

Highest CTC S28-E07	3033999630
Lowest CTC S31-E12	3034000810
Highest CTC S31-E12	3034446899
Lowest CTC S32-E12	3034460631

This would mean that the changeover from CTC S28 to CTC S31 happened at 3034000000 and the changeover from CTC S31 to CTC S32 happened at 3034500000.

If you can prove otherwise, I would really like to hear from you.

CTC S31-E12 with a mismatched serial number

Even in such a short run, errors can happen. As you can see on the above note there was a problem with one of the numbering heads. The known ranges are as follows:

Lowest Highest	3/2034008809 3/2034008964	Total = 155 notes
Lowest Highest	3/2034108057 3/2034108802	Total = 750 notes
Lowest Highest	3/2034158816 3/2034158994	Total = 178 notes

Lowest/Highest	3/2034258363	Only one known
Lowest	3/2034358289	
Highest	3/2034358963	Total = 675 notes

So far we have a total of approx. 1800 notes known with these mismatched serial numbers.

After a closer look we can see that the numbering head in sheet position "08" or "58" is the one with a problem. No other sheet positions seem to be affected. It will be hard enough to find a regular note in this series let alone a mismatch.

### THE BOB HOPE NOSE 3 VARIETY FOR S11-F \$1.00 VALUE

by Lou Fontaine - CM000109 - Ifontaine@shaw.ca

To continue with my installments on the Bob Hope Nose 3, I have put together a chart for the known locations for the S11-F \$1.00 value. The gap between each group is 220,000 notes, and 1000 notes between each unit within a group, very similar to the S11-G. I have found only one range where the variety is the 4th digit and that is the Q0483xxx range left side. From that range to 2.6 million I have not seen any of the variety left or right side.

For the right side I have found only one range where the 5th digit is the variety. The pattern was broken when I found the variety on the right side in the 6.8 million range. (I suspect that it may have begun in the 6.4 million range).

Items in Bold are the numbers seen that I have added to the Specialized high low list. See chart below:

For any not listed please contact me at lfontaine@shaw.ca with a scan or picture at high resolution, or phone 306-382-7216.

The Bob Hope Nose 3 for the \$1.00 S-11F value. Lef	t Side - 5th digit

### LOCAL HISTORY

by Fred White - M000900 - whitef@queensu.ca

Here's a little piece of history I found in my back yard that I did not know. I was driving from Pembroke to Kingston on my way home. I noticed this sign on the side of a building in Carleton Place, just south/west of Ottawa. I stopped and read this small plaque underneath these pictures of the old CTC logo and the 1965-66 Fall and Winter catalogue.

The Plaque Read. "In 1948 the Canadian Tire Corporation purchased the building and opened the First Canadian Tire Store in Carleton Place". Local CTC employee, Peter McFarlane was telling me that Elmer MacIntyre began selling Canadian Tire parts part time out of this barbershop in Almonte and when The CT Corp'n purchased the property in 1948, Elmer was the first franchise owner. The Corporation sold this location in 1971 after building a new store where the Carlton Place Market Square is now. Canadian Tire is now at highway 7 at McNeely Ave. Peter recollects the time he was delivering the CTC money pouch to the bank from the Canadian Tire store when he was SHOT TWICE in a robbery. He was hit once in the groin and once in the ear. Lucky the guy wasn't much of a shot. Peter often sits in front of the bank during the day enjoying the sunshine and chatting with the local passersby. Have a look! Perhaps he is there now!" signed Bill Crampton - Present Owner

### HOW TO FIND THE PRIMARY CHANGEOVER

by Roger Fox - CM0000009 - r\_fox@bell.net

**WARNING!** This article is not for everyone! It is comprehensive, technical, and maybe complicated to follow! I have tried to go logically like a detective in solving a complicated case. So read this article at your own risk! Writing this, for me, was challenging but fun, and who knows, you may end up being a detective too!

### **INTRODUCTION:**

In 2001 the Canadian Bank Note Company was awarded a five year contract to print Canadian Tire Money. This of course has been extended as C.B.N. is still printing Canadian Tire Money with some help from outside sources.

The first of these coupons were the 5¢ and 10¢ CTC-S27 series of 2002 signed by Stanley Pasternak and Wayne Sales and they bear the '02' prefix. Like most new series, the numbering started at '0' (zero). Also, the '9' prefix was used to denote replacements in a parallel series.

### WHAT IS A CHANGEOVER?

A changeover is when there is a significant change to the front or back plate such as a new signing officer; SIGNATURE CHANGE, or date of issue as found along the top border on the back of the coupon; DATE CHANGE.

The actual point at where the FIRST new CHANGED COUPON is found and the adjacent LAST old CURRENT ISSUE COUPON ends with the serial numbers one number apart is the PRIMARY CHANGEOVER. There is only one, this one, and no others.

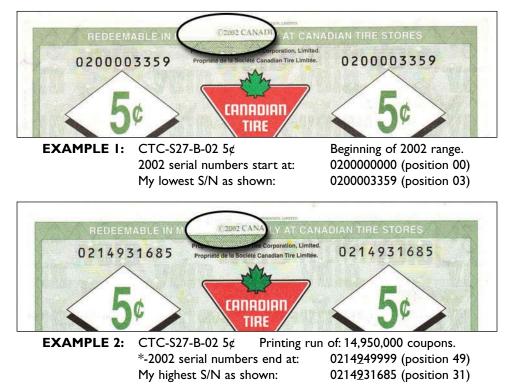

The practice of the printer using up 'old' un-numbered stock of the previous series at random mixed in with the new, or changed series is the printer's option, and makes economical sense, but can cause us collectors a logistical and confusing nightmare! Not only is it confusing, all the 'old' un-numbered sheets used AFTER the primary changeover distort the quantity of both the previous series and the 'new' changed series, so the accurate tracking of quantities printed of either series is lost.

Many collectors have tried to assemble extensive sets of changeovers and may have hundreds in their collections, but all of these changeovers of the previous series and the new series with higher numbered serial numbers than the recognized PRIMARY CHANGEOVER, are merely SECONDARY CHANGEOVERS. These higher serial numbered previous series are known as 'OUT OF RANGE' or 'ROGUE' coupons.

As mentioned above, Canadian Bank Note Company started this new contract with Canadian Tire in 2002, and the  $5\phi$  and  $10\phi$  notes begin at 0200000000. Unlike other series when major changes occurred, C.B.N. continued the numeric sequence from where the change occurred rather than starting over at 0 (zero). The result is an ever-increasing set of numbers unique to each denomination. These ever increasing serial numbers make finding, or at least locating logically where the PRIMARY CHANGEOVER occurs certainly more challenging, but not impossible!

### HOW IS THE PRIMARY CHANGEOVER LOCATED?

At this point, I should mention that I do not have any examples of any PRIMARY CHANGEOVERS in my collection, but I know how to identify where they are and what the two serial numbers will be! Actually, physically finding them once they are issued is nearly impossible, but we know they exist. What I hope to pass on to you is the logistics of what to look for, by using four 5¢ coupon examples from the CTC-S27-B 2002 to the next date changeover of 2003. Although this example is a DATE CHANGEOVER, the method of locating any PRIMARY CHANGEOVER is the same. So now lets look at the four examples listed in serial number order, from lowest number to highest number of the four examples shown. All four examples are 5¢, CTC-S27-B and all are signed PASTERNAK-SALES.

\*NOTE: The two coupons bearing the actual numbers '0214949999' and '0214950000', which are only one number apart, is the one and only PRIMARY CHANGEOVER for these CTC-S27-B-02 to CTC-S27-B-03. Also note the underlined common '9' in the serial numbers in both example 2 and example 3. This will be commented on shortly under the heading 'LOGISTICS'.

My lowest S/N as shown:

**EXAMPLE 4:** CTC-S27-B-02 5¢ 2002 'Out-of-Range' or 'Rogue' coupons. Any 5¢ CTC-S27-B dated 2002 AND higher than the lowest 2003 coupon or in this example ANY 5¢ dated 2002 with a S/N 0214950000 or higher is an 'Out-of-Range' or 'Rogue' coupon.

My highest S/N as shown:

0230342922.

0214962683 (position 62)

### WHAT TO LOOK FOR, OR, HOW TO COME TO THE ABOVE CONCLUSION OF EXACTLY WHERE THE PRIMARY CHANGEOVER IS:

Simply collect a series. Any signature, any date, any denomination. Note the next change. Then, narrow down the change as LOW as you can find. (lowest S/N) Then try and find the HIGHEST numbered coupon BEFORE the change. (highest S/N)

Here is where COUPON POSITIONING on sheets is important. Coupons are printed in 50,000 note blocks. 1,000 sheets of 50 coupons each = 50,000 notes and each sheet contains 50 numbered coupon positions. It takes 2 batches of 50,000 to make each 100,000 range, or combined, 100 numbered positions. From position '00' to position '99' over 2 combined batches.

#### LOGISTICS:

If you go back to our examples, you will see, in this case, both the last of the 2002 dated notes (example 2) and the first of the 2003 dated notes (example 3) share the same 100,000 numbered range: that being the 900,000 range. See the underlined '9' in the serial numbers.

Therefore, the first half of this 900,000 range will have coupon positions from '00' to '49' and all coupons numbered '00000' to '49999' are all dated 2002. I know that because my EXAMPLE 2 has a position '31' and is dated 2002. Position '31' is between '00' and '49' and there is a position '31' on every sheet between '00000' and '49999', or the 1,000 sheets to

make the 50,000 note block. EXAMPLE 2 bears sheet number '685' together with position '31', and ALL 50 positions in this example will end in '685'. Now if there is a position '31' dated 2002 on all 1,000 sheets, there will also be a position '49' dated 2002 on all 1,000 sheets, as all 50 positions of each sheet will be dated the same. So if position '31' sheet '685' is dated 2002, so will position '49' sheet '999' be dated 2002. There can't be any random 2003 sheets in this 900,000 to 949,999 as they have not been printed or issued yet.

After coupon numbered 949,999, the new 2003 dated sheets started appearing but these new dated coupons are in the second half of our 900,000 range. To prove that, go back to EXAMPLE 3 which has a position number '62' and is dated 2003. Position '62' is between position '50' and '99' and there is a position '62' on every sheet between '50000' and '99999' or the 1,000 sheets, to make the next 50,000 note block. EXAMPLE 3 bears sheet number '683' together with position '62', and ALL 50 positions in this example will end in '683'. Now if there is a position '62' dated 2003 on all 1,000 sheets, there will also be a position '50' dated 2003 on all 1,000 sheets, as all 50 positions of each sheet will be dated the same. So if position '62' sheet 683 is dated 2003, so will position '50' sheet '000' be dated 2003. Since this is a new extended printing to where the 2002 numbering ended, then this block of 50,000 coupons will all be dated 2003, and complete the second half of our example '900,000 range.

As the initial printing of un-numbered 2003 sheets are numbered and used up, and depending on CTC's quantity demand of Canadian Bank Note, the printer has the option of printing more 2003 dated sheets or using up current stock of now-out-dated, but perfectly good 2002 dated sheets. In our example, the signing officers are the same and the date line on the back of the coupon is small, so it becomes an obvious choice to use up 'old stock' for future serial numbering. As the printer uses up these un-numbered 2002 sheets, the result is 'OUT of RANGE' or 'ROGUE' coupons. To make this procedure less obvious, Canadian Bank Note pressmen blend both un-numbered 2002 'old' sheets with perhaps what is left of the 2003 'new' initial run.

Now how the pressmen load the presses to use up the 'old' stock creates for us collectors bands from one 'old' 2002 sheet between two 2003 sheets, to several, to even hundreds of 2002 sheets in the 1,000 sheet, 50,000 note blocks. And, where ever a 2002 dated note is sequentially numbered next to a 2003 dated note, or vice-versa, becomes a SECONDARY CHANGEOVER.

This practice will tend to continue until all the 'old' 2002 un-numbered stock is numbered and issued. If we look at EXAMPLE 4, which is an out-of-range 2002 dated coupon, the serial number is: 0230342922, or coupon number: 30,342,922. Compare that to the PRIMARY CHANGEOVER number of: 0214950000, or 14,950,000, and it appears that the 2002 printing of the CTC-S27-B-02 5¢ could be over 30 million, when we know it is only about half of that! This creates a distorted and inflationary mintage figure.

If you check the Bilodeau Guide or Lou Fontaine's mintage quantities for this example, Lou has taken this PRIMARY CHANGEOVER into consideration and the mintage is the same at 14,950,000 coupons as explained in this article. As we have no idea how many 'old' stock sheets the printer has numbered and issued amongst 2003 dated sheets, we have no way of telling for sure exactly how many 2002 numbered coupons actually exist. (This also applies to the 'new', or now current 2003 series when it is finished, and 2004 series notes start appearing) The EXAMPLE 4 shows the highest numbered 2002 coupon I have found. There could be even higher numbered 2002 dated 5¢ coupons still out there, or you could have a higher numbered coupon in your collection.

### **CONCLUSION:**

These 'OUT of RANGE' or 'ROGUE' coupons are for interest only, and do create hundreds or even thousands of SECONDARY CHANGEOVERS in all ranges, series, and denominations. This does create a collecting niche for many of our collectors and that is good!

So, although this article is fairly long, technical and maybe complicated for some, I have tried to explain in as logical and straight forward a manner as possible, the importance and significance of the PRIMARY CHANGEOVER.

Any questions or comments on any part of this article are welcomed.

### **NEW BILODEAU GUIDE JUST RELEASED**

by Jerome Fourre - CM0000120 - jayfoure@ctccollector.ca

### Volume 4 - 10th Edition Bilodeau Guide to CTC Trucks

Volume 4 of the Bilodeau Guide contains all the Die-Cast trucks issued by the Corporation, the Petroleum division and Third-Parties with CTC's approbation. The large majority are made by Liberty Classic. The regular retail series are shown first followed by the special editions by order of the date that they were released. These special editions were issued by different divisions of CTC and Jumpstart Charities or by individual stores celebrating an event. There are over 130 images describing the trucks This catalogue is all in color and the format is 8.5" x 11" and has 20 pages. A must for serious truck Collectors! <section-header>

# **CTC'S FIRST DAY COVERS**

by Pierre Donnelly - M0000658 - stormest@sympatico.ca

Everyone knows Canadian Tire issued a First Day Cover in 1997 of their famous CTC stamp. I found this variety for sale on eBay with a Welland counterstamp. If anyone has more information on this variety, please let me know!

# **SNAIL MAIL vs DIGITAL**

by Sandy Lipin - M0000333 - sandlipin@aol.com

As everyone knows mailing costs only go in one direction straight up, and one of the Club's major costs is mailing out the newsletter. At the last TOREX meeting we had a good open discussion on the topic of membership and the newsletter. One suggestion that warrants further discussion was the separating of membership fees from the newsletter costs. What this means is that everyone pays the same membership fee (for argument, say \$12/yr) but then each member has a choice of how they receive the newsletter and they pay the cost for that choice. For those members who wish to receive a hard copy of the newsletter they will pay more than those receiving a digital copy which is considerably cheaper and quicker. This means that the actual cost of the service is born by those receiving the service. The actual costs still have to be worked out but this idea is under discussion and your input would be greatly appreciated.

# WHY JOIN THE CTCCC?

### by Stew Cameron #M0000838 - scotiatechstew@gmail.com

The Canadian Tire Coupon Collectors Club, CTCCC, is a "Collector" type organization with the membership being the foundation for everything that it does. Yet our membership, much like other organizations, has been getting smaller due to the passing of members or non-renewal of memberships. To help us grow, I would encourage all members to help bring in new members. Whether a family member, a friend or a collector that collects other items such as coins or stamps; when you bring in a new member, you will be doing your part to ensure the future of your CTCCC organization.

The CTCCC offers something for everyone, whether long time member or new member, who loves the enjoyment of collecting CTC memorabilia. In my area, we are trying to recruit new members by setting up information tables at malls and also by participating in local coin shows and their club meetings.

I joined the club in 2005. It began after I attended a coin show in Dartmouth, NS. Off in another room, I stood and listened to a gentleman talk to others about the "other Canadian Currency". I said to me, "he's talking about Canadian Tire money". Being a sailor, I knew of many places around the world where one could find CTC money tacked and stapled to bar and pub walls. I knew that CTC money was spent like real Canadian currency.

The gentleman was Mike Hackett, an Atlantic Director at the time. I listened with enthusiasm, as he explained the differences in the various Series of CTC money. I had a few pieces in a binder, along with some foreign currency I had collected. I thought, this may be worth more than face value as Mike had indicated. I found out that Mike lived in Lower Sackville, like me, we were about a 5 minute drive apart. I got in touch with Mike, to find out more about the collecting of CTC money; everything progressed from there. I became an avid collector of many of the CTC items. I attended my first Swap Meet in 2009, missed the 2010 meet but attended every one since. More recently, I have become one of the Atlantic Directors after Mike chose to step down.

The CTCCC recognizes the bond that exists between all members, from the President down to the newest member. Everyone provides their respective views on collecting and what they choose to collect. The members are there to assist you in every way possible. Utilize these members, in pursuit of those elusive pieces you need; or for their expertise in whether or not you have a rare item. With all the up-to-date Guides that are available, I still contact members about certain coupons that I have found.

I have found the collecting of CTC memorabilia challenging, at times frustrating, but always rewarding in the end. I have never given a thought of not renewing my membership. I look forward to the annual Swap Meets, my area Meetings and especially for our 2015 event, which recognizes the 25th Anniversary of the CTCCC.

In closing, please give the recruiting of a new member some thought. If everyone was to bring in one new member; think of the strength in numbers we would have, not to mention the probability of selling some of our "Extras".

# **CLUB PINS ARE ONE OF THE PRIDES OF CTCCC**

by Ghislaine Theroux-Memme - CM0000015 - therouxg@videotron.ca

In 2000, for the 10th anniversary of the club, we issued our first white pin with gold lettering in two versions: the regular pin was given to all members and the commemorative pin, bearing the mention "10th anniversary - 1990 – 2000" was available for purchase by members. Both of these pins were made in cooperation with the Canadian Tire Corporation.

In 2003, the club issued a black pin with gold lettering which was given to all members.

In 2004, a gold-colored President's pin was made to highlight the efforts of deserving members over the years. The first two winners of this pin were: Roger Fox # 009 and Don Robb # 003 who did so much to support the club. Without them, the club would not be what it is today. The third winner was Louis Fontaine # 109 who earned the honor for his "News from the West" column, his knowledge and research with his exhaustive "Hi - Lo" list. At a meeting of the ONA, this honor was presented to: Toby Grimmnick # 335, who always gives of his time for the Club; Jerome Fourre # 120, our editor; Mike Hollingshead # 001, our founder; Ovide Bilodeau # 004, creator of the Bilodeau Guide; Ghislaine T.-Memme # 015, our treasurer; Don

Bradt # 150, our variety and error specialist and Brian Smith, owner of Torex.

In 2005, a commemorative black pin with gold lettering, bearing the mention "15th Anniversary - 1990-2005" was made available for purchase by members.

In 2010, a red pin with gold lettering was given to all members. In addition, a red commemorative pin with gold lettering, bearing the mention "20th Anniversary - 1990-2010" was made available for purchase by members.

In 2015, a silver pin with silver lettering will be given to all members. In addition, a silver commemorative pin with silver lettering, bearing the mention '25th Anniversary – 1990-2015', will also be made available for purchase by members who wish to add it to their collection.

In 2015, our president Sandy Lipin has decided to issue a new gold lapel pin with the inscription Canadian Tire Coupon Collectors Club. This is to honor members who have 25 consecutive years with the club. Each time that a member will reach 25 consecutive years they will be awarded this lapel pin automatically.

# **KEMPTVILLE ISSUES ANOTHER COLLECTOR TRUCK**

by Toby Grimminck - CM0000338 - toby-bets@live.ca

1947/8 International Pickup - Quantity issued 250. - Numbered xxx of 250. With a wheelbarrow, shovel and bags of sand in the box. Label reads "Canadian Tire Kemptville 2014"

The Collector

# THE STORY OF THE ONLINE AND CLIPOUT CANADIAN TIRE MULTIPLIERS

by Norman Belsten - M0000583 - nbelsten@sympatico.ca

These online coupons appear weekly on the internet and are downloadable, they are the same value as the multiplier coupon for that week. They then need to be printed. As the samples shown here they are different in appearance and because each computer uses a different program and has a different printer the sizes vary along with the printing that can be done in colour, black and white, or greyscale. The smallest I have is 5 1/4" x 2  $\frac{1}{2}$  " while the largest is 11" x 5 1/4".

The 12X clip-out coupons came in 2010 when you applied for a Canadian Tire Credit Card and came on the instruction sheet, you cut it out and used it at the gas bar. The first ones had the month spelled till October 2010 then the dates were all numerical. The front is white, black and red all with a 12X in red. They are blank on the back except for some dotted lines. The issue dates are usually several days in a row then they skip a few. Also the font for the date varies, small, large and sometimes both for the same date, and on December 31, 2011 the large font and bold date first appeared. Again in 2014 some dates appeared with the date in alpha form. Also a few were missing a colour and were orange instead of red. Samples are shown below.

### THE SUCCESSION PLANNING WORKBOOK

by Doug Adams - #M0000639 - adamsdoug@rogers.com

What started off as an education topic at a recent RCNA meeting in Mississauga, has become a broad discussion amongst collectors of not only CTC coupons but collectors in general. Conceived by Toby Grimminck and Roger Fox, the subject of "what to do with your collection" as we all gracefully age and start thinking about an updated will, or the eventual disposition of one's assets. It's not a subject that is fun to think about, and it's one that is very easily put off until tomorrow, but it's also one in which you should put some effort and planning into today if you're looking to save your family one whole lot of

time and trouble when you no longer have a vote into your affairs. The old adage of "You Can't Take It With You" is true, so one should plan ahead.

Having a plan "A" and a plan "B" is the answer, but among all the other discussions we had at the RCNA meeting, one thing kept coming up. What is my collection worth? Perhaps more importantly, how much can my heirs expect to get for it if I'm not around to oversee the dispersal? As our club auctioneer, I have now done a couple of estate auctions and I've become very aware of this question.

There are many reasons that we as collectors do not keep track of, or at least broadcast, the value of our collections, even

**Canadian Tire Coupon Collectors Club** Succession Planning Workbook

those with whom we should share this information. With this discussion still fresh in our minds, it is perhaps the time the club took a more proactive approach to this subject. The Succession Planning Workbook is not the perfect tool, but it is a start. It's basically a series of Excel spreadsheets you can use to create a record of the value of your collection. The spreadsheet lists all the coupons in the Gas Bar and the Store series. All you have to do is enter the grade of each of your coupons and the spreadsheet will compute the value for you. You can optionally list coupons in your stash, or even enter misc. items in your collection. The summary page will give you three totals. The Replacement Value is the cost of replacing your collection if you paid Bilodeau value for each coupon. The Auction Value is the reserve price your collection would be worth to start an auction, and the Street Value is the approximate price your collection would fetch in an auction after all the auction costs were deducted. (ie: postage, PayPal fees, club commission, etc).

This is not a perfect tool. There is no way we can keep this updated as new series evolve, or as Bilodeau values fluctuate, however, it is intended to be a "snapshot" of your collection and the total can be updated when you fill holes in your collection and add them to the worksheet. The spreadsheet is available to all members on the club website, or you can email me at adamsdoug@rogers.com and I'll send you a copy.

		Repla	cement Value	Au	ction Value	Street Value		
VALUE:	Main Collection >	\$	3,425.00		1,712.50	\$	2,226.25	
	Stash >	\$	-	\$	-	\$	-	
	Misc >	\$		\$	-	\$	-	
	TOTAL >>	\$	3,425.00	\$	1,712.50	ŝ	2,226.25	

# CLUB AUCTION RESULTS

by Doug Adams - #M0000639 - adamsdoug@rogers.com

The October 2014 auction is complete and the results are here for your viewing pleasure. I would like to thank the several members who send in coupons for auction. It's important to remember that the coupons I'm receiving are meant to be very high quality coupons and not just a dump for your extra stash. I encourage all members to send in coupons for both the regular club mail bid auction and the donation auction. Doug Adams, 66 Butternut Grove, London ON, N6K 4J4.

	OCTOBER 2014 CLUB AUCTION RESULTS

# **CTC'S NEW COLLECTOR CARD**

by Ghislaine Theroux-Memme #CM0000015 - therouxg@videotron.ca

Canadian Tire head office approached the CTCCC for some help putting together a timeline entitled "The Evolution of a Canadian Icon". This consisted in supplying them with images and basic information about CTC money.

To thank us for our participation in this project, the executive of the CTCCC was each given a special personalized presentation case which had the timeline, a platinum "My Canadian Tire Money" card and the following message "As you are a member of our Canadian Tire family, we would like to present this special edition My Canadian Tire Money card to you. Once you register the card, you will receive \$50 in e-Canadian Tire Money that you can redeem, save or donate to Canadian Tire's charity, Jumpstart". Thank You, Canadian Tire for this special gift, it is appreciated!

# CTC GIFT CARD UPDATE

by Lucien Levesque #479 - llev@videotron.ca

We now have a total 377 different cards, 228 fixed amount, 61 reloadable cards, 38 non-reloadable, 36 promotional cards, 10 automotive cards and 4 refund cards. I will continue to publish new cards in the quarterly newsletter and a complete list in the January issue. For the complete listing check your CTCCC web site. Your continued support and input is greatly appreciated.

Please contact Lucien Levesque, 131 - 54th Avenue east, app. #103. Blainville, QC J7C 0H4 Phone 450-430-5820 or email: llev@videotron.ca

### Roger Fox - 50 Years RCNA

Congratulations to Roger Fox, CTCCC Member #9.

As well as a long-term member and ex-President of the CTCCC, Roger is a Director of the North York Coin Club and a member of the Royal Canadian Numismatics Association. Recently Roger was recognized for his 50 years of RCNA membership. Congratulations. Roger is shown here receiving his 50-year award from RCNA President Bret Evans.

# 25th ANNIVERSARY CLUB TRUCK UP-DATE

by Roger Fox – CM0000009 – r\_fox@bell.net

Just a quick update on the status of our 25th anniversary truck. Due to five changes made to the prototype, problems at the factory interpreting our changes and the factory being extremely busy this time of the year, our delivery date has now been set for the end of February or early March, 2015. Also, now that December 15th has passed, Ghislaine has advised that we still have anniversary trucks available. Anyone who would like to purchase more (max. 5) can now do so on a first come, first served basis or until quantities last. Prices are still the same: \$75.00 per unit for pick-up without shipping and \$80.00 per unit shipping including anywhere in Canada. If you have not ordered a club truck yet, now is the time and at the same time support your club.

#### **Consecutive Notes by Doug Adams**

Filling up last night at my local CTC gas bar, I used a 12x multiplier and got a handful of coupons. In the handful were two dimes. I'm quite used to receiving coupons with consecutive serial numbers, however, these were different. The first coupon ended in 399 and the next in 300. How is it possible to get the first and last coupon of a 100 note bundle handed out together?

Upon checking with our resident gas bar expert (Jerome) he explained that when a new brick of 100 coupons is put into use, the owner takes the first coupon (300) and moves it to the back of the bundle. In this way after a shift is complete they can simply look to see what number the brick is at for inventory purposes. Who knew?

### **Retro Packaging by Doug Adams**

Mike Fischer has discovered a package of Delecto Ganong assorted milk chocolates from Canadian Tire. What's nice about this product is the retro packaging showing the old CTC logo superimposed over the cover of three different CTC catalogues, the 1950-51 Fall and Winter on the top, to the left the 1959-60 Fall and Winter and to the right the 1965-66 Fall and Winter. It's nice to see the Corporation using the old logo – a pleasant surprise for the collectors of CTC memorabilia. The marketing slogan CTC uses is "Collect them all"

# MEMBERSHIP REPORT

#### by Ghislaine Theroux-Memme #CM0000015 - therouxg@videotron.ca

Hello everyone

Another year has ended and good things have happened, i.e. good meetings, good educational sessions, a remarkable flea market, several good auctions, some nice trucks, several great meeting, new coupons, new varieties, new members and members who wish for their newsletter to be sent by Internet. All those, thanks to several people who have the Club at heart, remain active and propose new projects.

It's time to renew your membership. If you have not already done it, be sure to indicate any corrections to be made. A membership form will be sent to those who have not renewed for 2015.

The price of membership remains the same: \$15 for the regular newsletter, \$40 for color newsletter, \$12 for the electronic newsletter and \$5 for the spousal membership.

In addition, you will find in this newsletter your new silver Club pin, which is free. As for the Silver 25th anniversary pin, it retails at the price of \$10, you will find attached with this newsletter an order form for that purpose. Don't wait too long there were only 100 made.

### Below is a list of some items offered by the Club:

Red club pin	\$3.00
Red club pin - 20th anniversary	\$6.00
Silver club pin	6.00
Silver club pin - 25th anniversary	\$10.00
CD with newsletters 1990 to 2014	\$15.00
Back issues of the newsletters (each)	\$2.95
Full set of back issues 1990 to 2014	\$100.00

Ghislaine Théroux-Memme Regards

#### A Hearty welcome to all our new members!

# **CLUB AUCTION**

Welcome to the 2015 Winter Mail Auction. Bids can be submitted by email or snail mail, and will be accepted until midnight EST on February 1, 2015. When bidding, all that is required is the lot number and the amount you wish to bid on that lot. The amount you bid is the amount you will pay if you are the highest bidder. Regular postal charges are included. Express, registered or insurance mail is extra. Should you want a scan of

any particular lot, please let me know at adamsdoug@rogers.com and I will comply. It is also important to know that I cannot accept any questions as to the status of the bidding (ie. who's high at any particular moment). If two bids are submitted at the same price for the same lot, the first bid received will be the winner. Submit bids to adamsdoug@rogers.com or Doug Adams, 66 Butternut Grove, London ON, N6K 4/4.
