Replacements from the S23-Fa1 series were used for the early part of the printing. Numbers above 2500 only.

On the 50 cent value CBN did not allow for the replacements to begin their numbering. CBN continued the Serial # sequence from where the normal S24-E ended.

On the 25 cent value the serial numbers continue from where S17-D1 left off.

On the S27-B in the 0235039000-0235039999 range there are only 2 coupons with 2002 date. The other 998 coupons in between were replacements dated 2004 in the 9000254001-9000254998 range.
